What made the opening of school unusual?

Students of Robert E. Lee High School, from the beginning of the 1983-1984 year experienced many unusual occurrences. Severe weather conditions caused the cancellation of many days of classes, as the opening of the school's doors was delayed five days as a result of Hurricane Alicia pounding the Texas coast. During the fourth week of school, classes were again cancelled due to a flood that ruined many homes.

Lee had a sharp drop in its enrollment and consequently the transfer of four faculty members took place. This action was unfavorable with the student body, but everyone understood the reason and tried to adjust to the program changes that resulted.

The six million dollar expansion to the Lee campus sparked great anticipation. The additions of a new gym, a swimming pool, and more classrooms, were eagerly awaited. The entire student body experienced many changes, but they handled it all with positive attitudes and good humor.

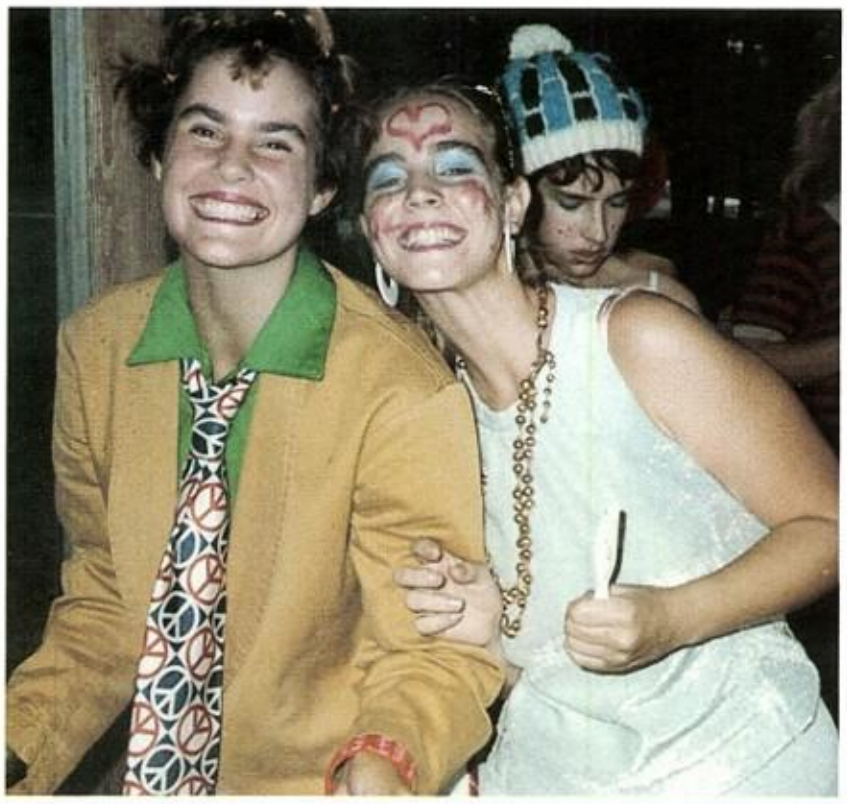
How do we spend our spare time?

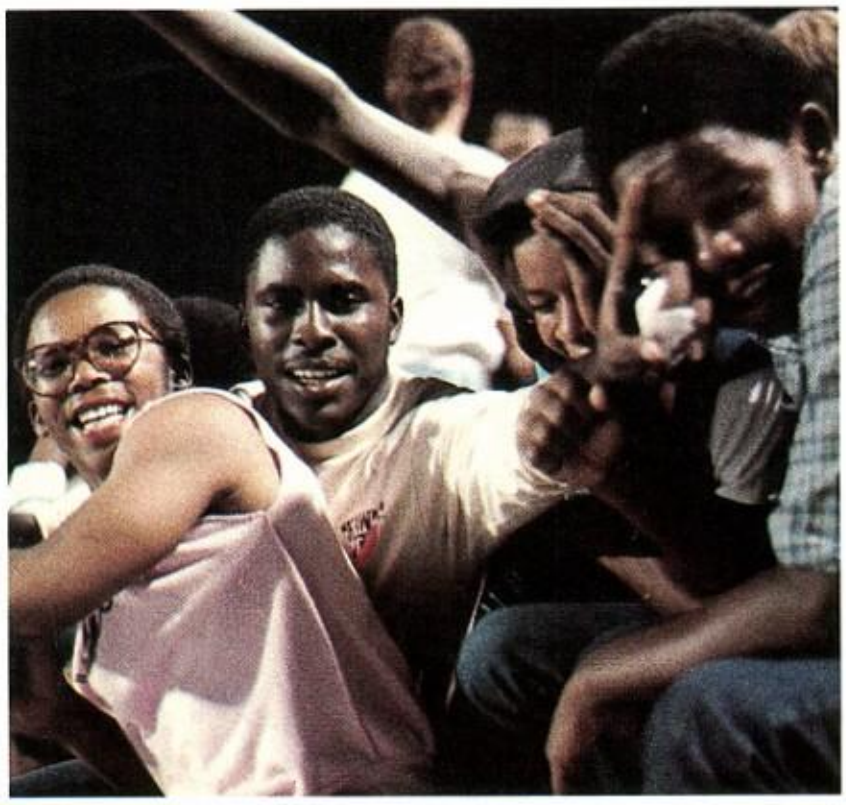
Extra-curricular activities played a major role in the lives of everyone at Lee. Students were involved in a variety of groups and clubs. Some of these were ROTC, Band, Student Council, and Interact. Clubs not only served the interests of its members, but also of the entire student body. College Night was one example of this. Sponsored by the Key Club, this activity gave students a chance to talk to representatives from over eighty universities. Oceanography classes took their trips to the beach in the fall and the spring. This was a favorite among students because they had fun while learning about the sea.

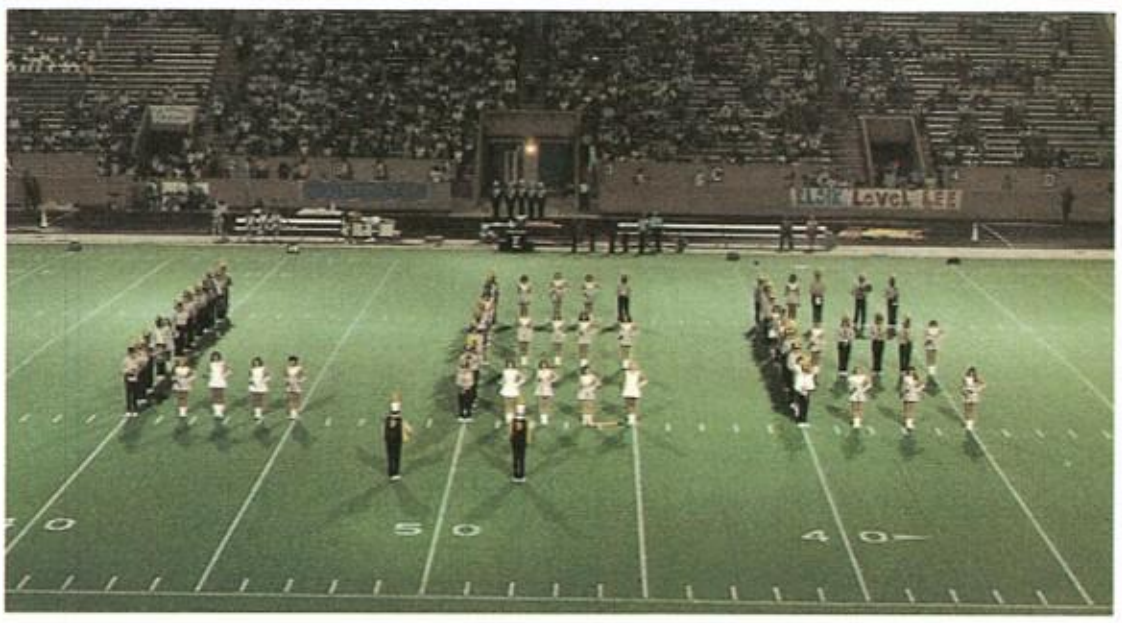
Members of organizations benefited from what they learned, and they had a good time while participating.

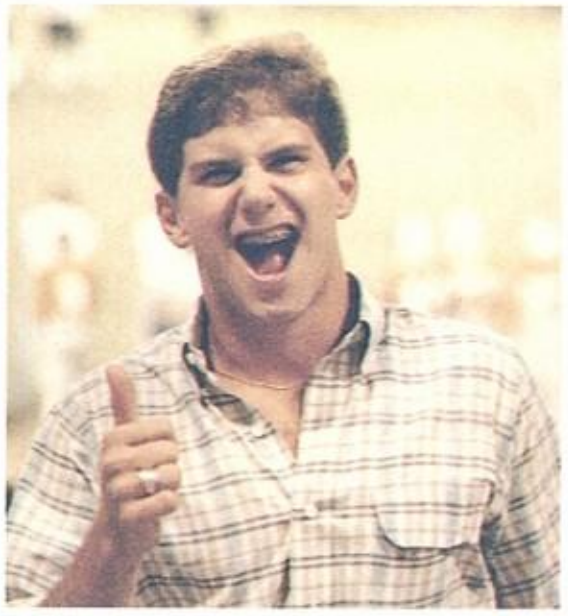


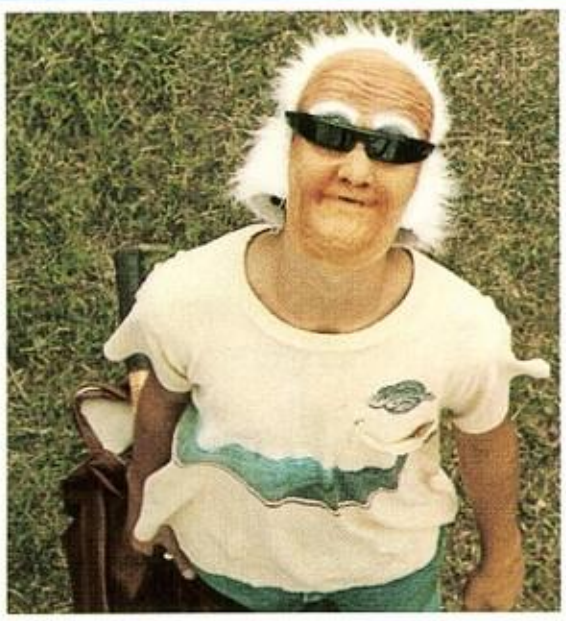
Who are, who are, who are we?

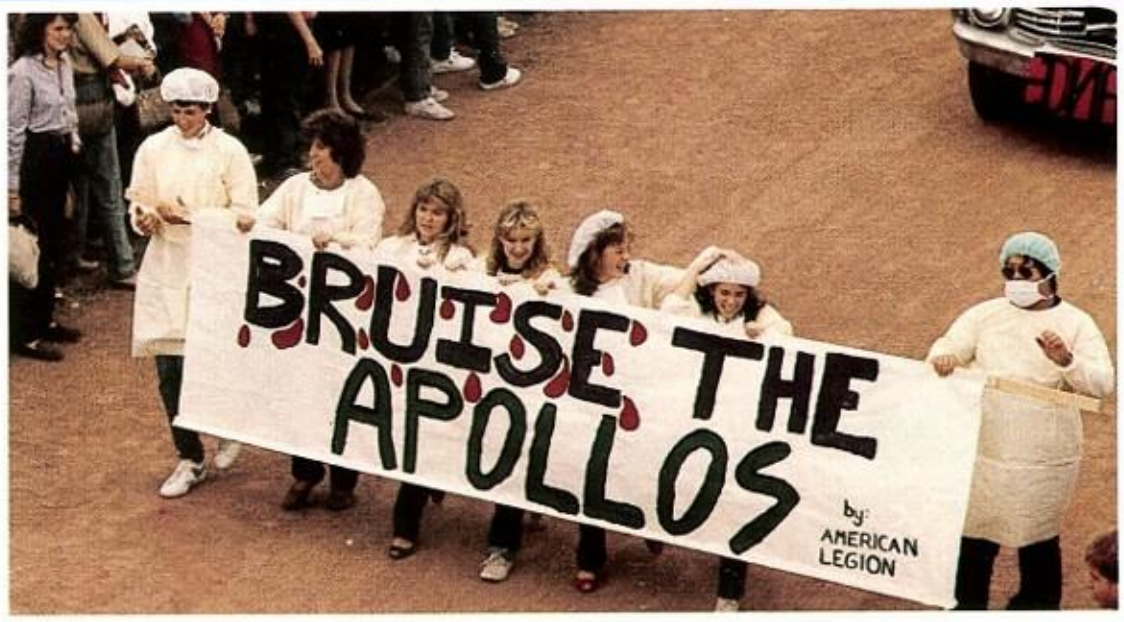
Sports at Lee provided a means for students to show their General pride. During the football season the spirit at Lee could have been no higher. Pep rallies generated a liveliness that was carried over to the games. The Spirit Committee, the Lieutenants, the Band, and the Cheerleaders were the main forces in developing this attitude. Finishing with a 7-3 record, the football team had its greatest season in over 3 years. The combination of school support, an excellent coaching staff, and exceptional physical talent, all made the Generals a winning team. The girls were not to be outdone, as their Freshman and Jr. Varsity volleyball teams charged to the City Championship.











BRUISE THE
APOLLOS
by:
AMERICAN
LEGION

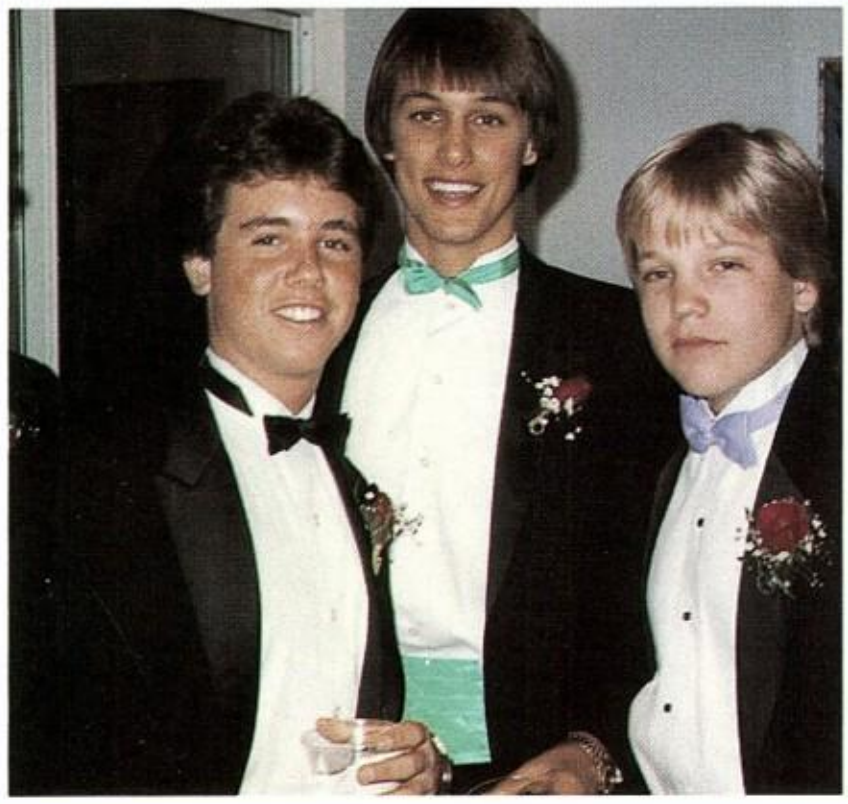
When did the Apollos get mooned?

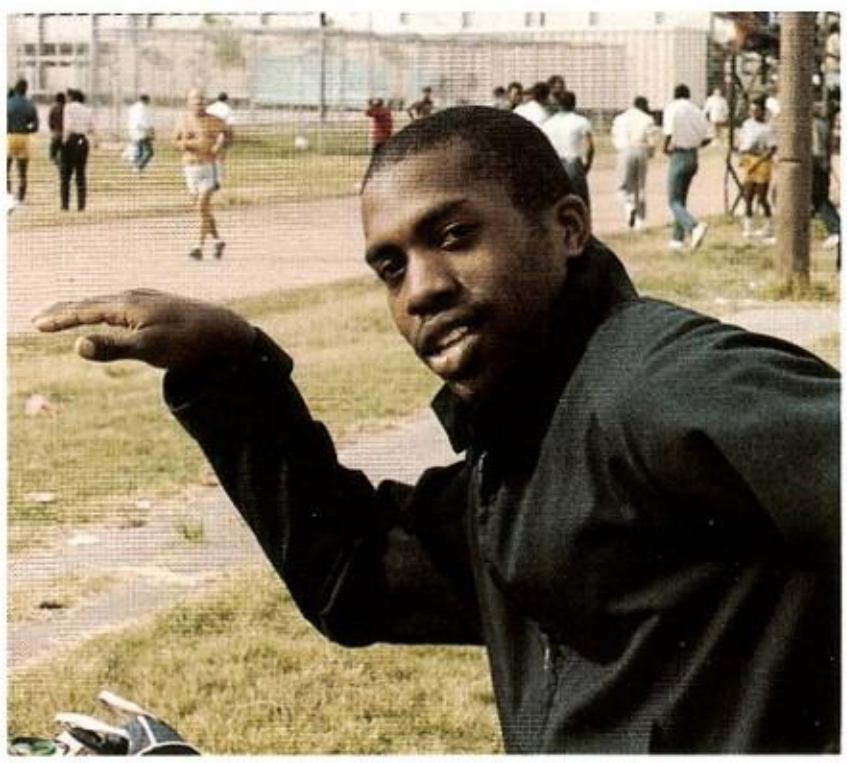
The annual gathering-together of ex-Generals, parents, and student couples to watch the Homecoming football game, occurred this fall. Homecoming festivities came at a perfect point in the football season when the spirit of the school was at a peak. The biggest crowd of the year watched the Generals rocket past the Sharpstown Apollos. This wrapped up the entire day's celebrations which included the Homecoming parade, pep rally, and half-time ceremony crowning Lee's Homecoming Queen, Jill Jones.

What did you do this weekend?

A welcome relief to the academic routine was provided by many social events. Informal get-togethers, parties, and dances were enjoyed greatly by everyone.

Young Life and Campaigners allowed students to have a good time while learning more about religion. These enjoyable times gave everyone an opportunity to form new friendships and expand old ones.





Where are we going?

Lee's students, realizing that they would encounter many problems on their way to adulthood, asked typical questions. Not knowing what the coming year would bring, answers were sought by all. Goals that were set were often blindly pursued. However, by means of student involvement this inexperience was turned into valuable knowledge that could be gained in no other way. Lee has become the school it is today as a result of every student's pursuit, no matter how trivial, for that tiny bit of wisdom.

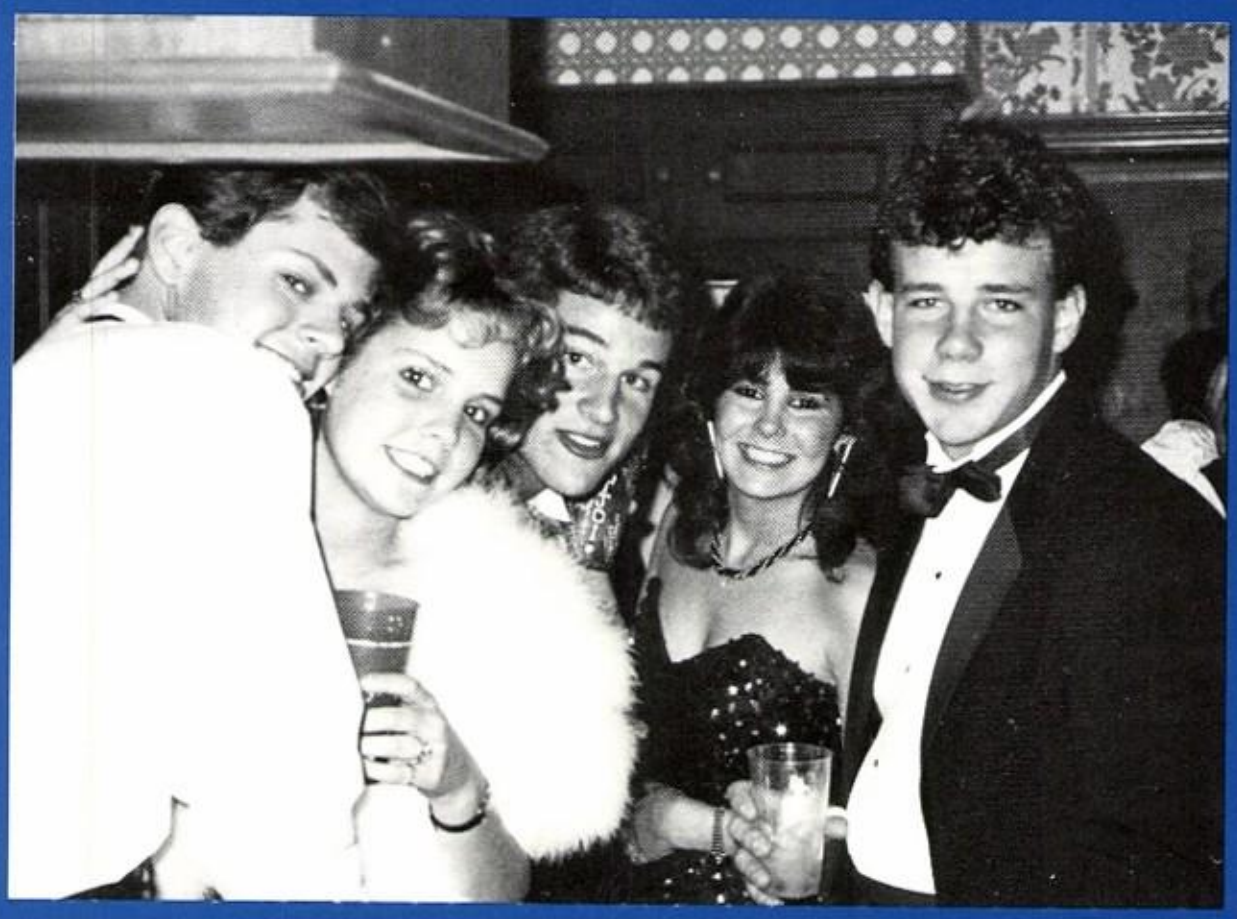
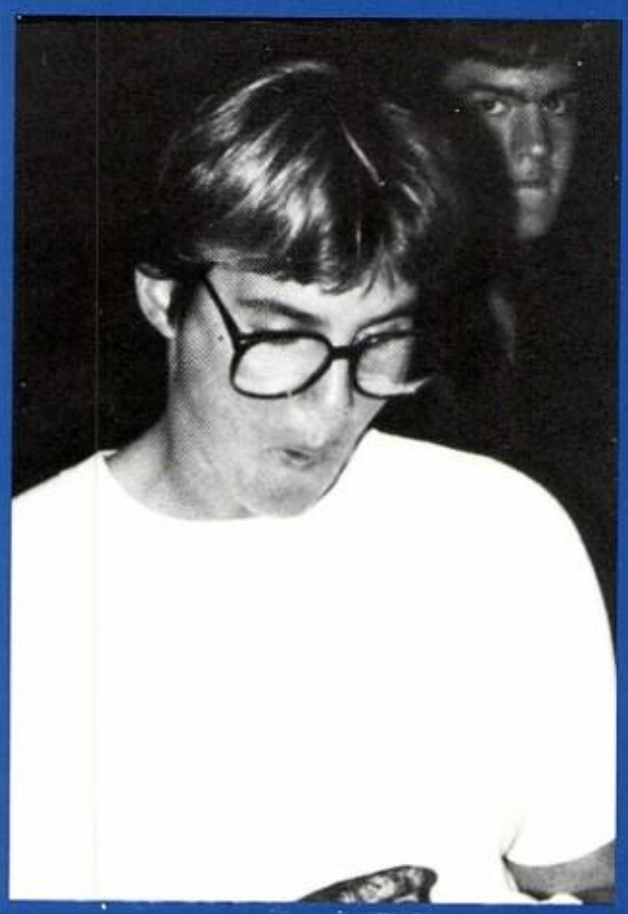
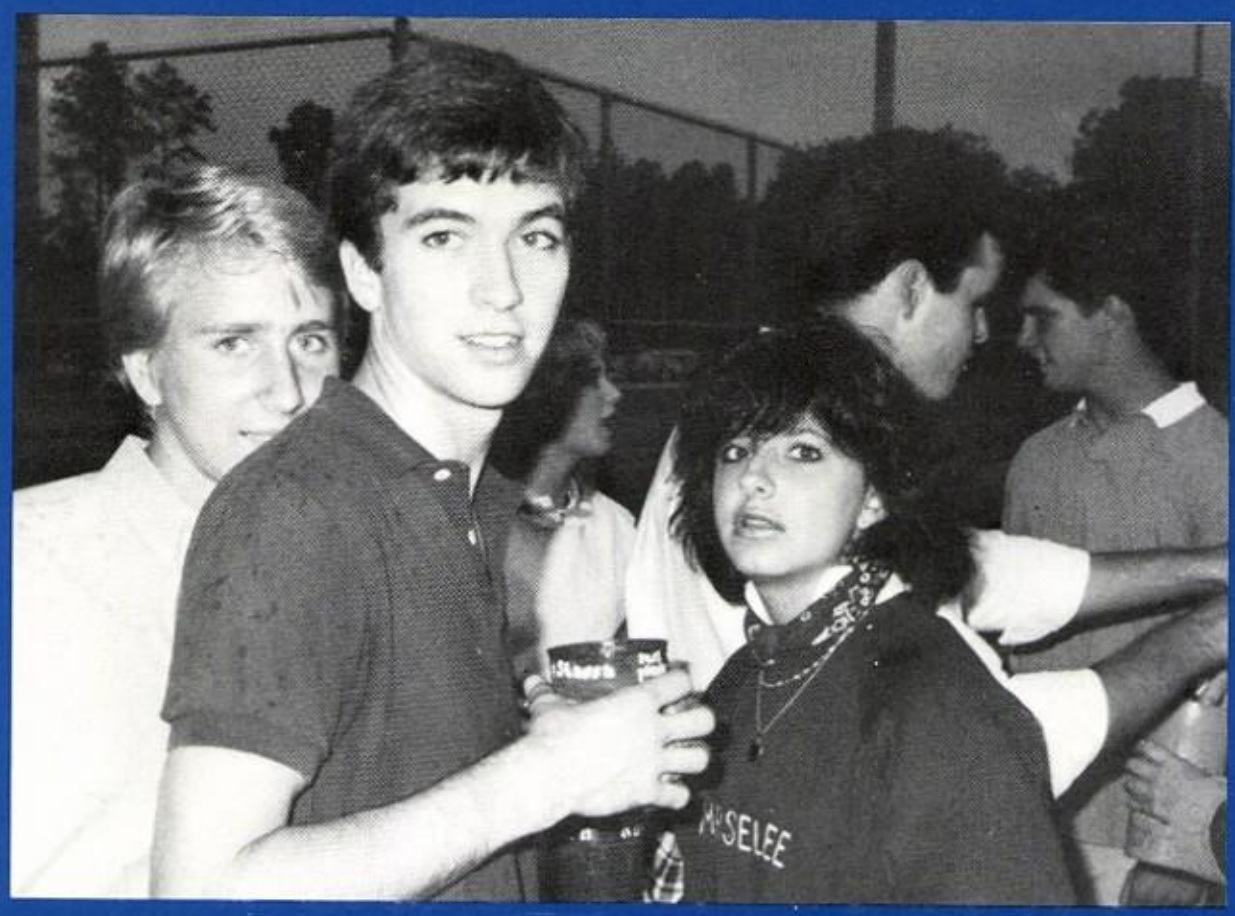
Activities

After school hours, Lee's students participated in an assortment of activities. This included not only school related functions but also outside interests such as jobs and hobbies. These all came together to make every person a well-rounded member of society.

What do we do with our time???







Summer Doors Close as Lee's Open

Numerous activities at Lee furnished an outlet from the tensions of academic work. School clubs, athletics, parties, and friendships were major sources of fun. These activities provided an opportunity for interaction within the student body. New students found that becoming involved was the only way to experience high school life. Many memories for the future were generated by the fun at Robert E. Lee.

Learning Lessons Outside of School

Every Tuesday night many Lee students attended Young Life, a non-denominational Christian organization. This group provided fun as well as spiritual uplifting. YL Club, also divided into smaller groups, called Campaigners, to furnish more intent study of the Bible.

Young Life, however, did not disband during school holidays. Summer offered two camps, Windy Gap and Wilderness, as well as weekly club meetings. Also, the Christmas season hosted snow skiing in the Rockies.

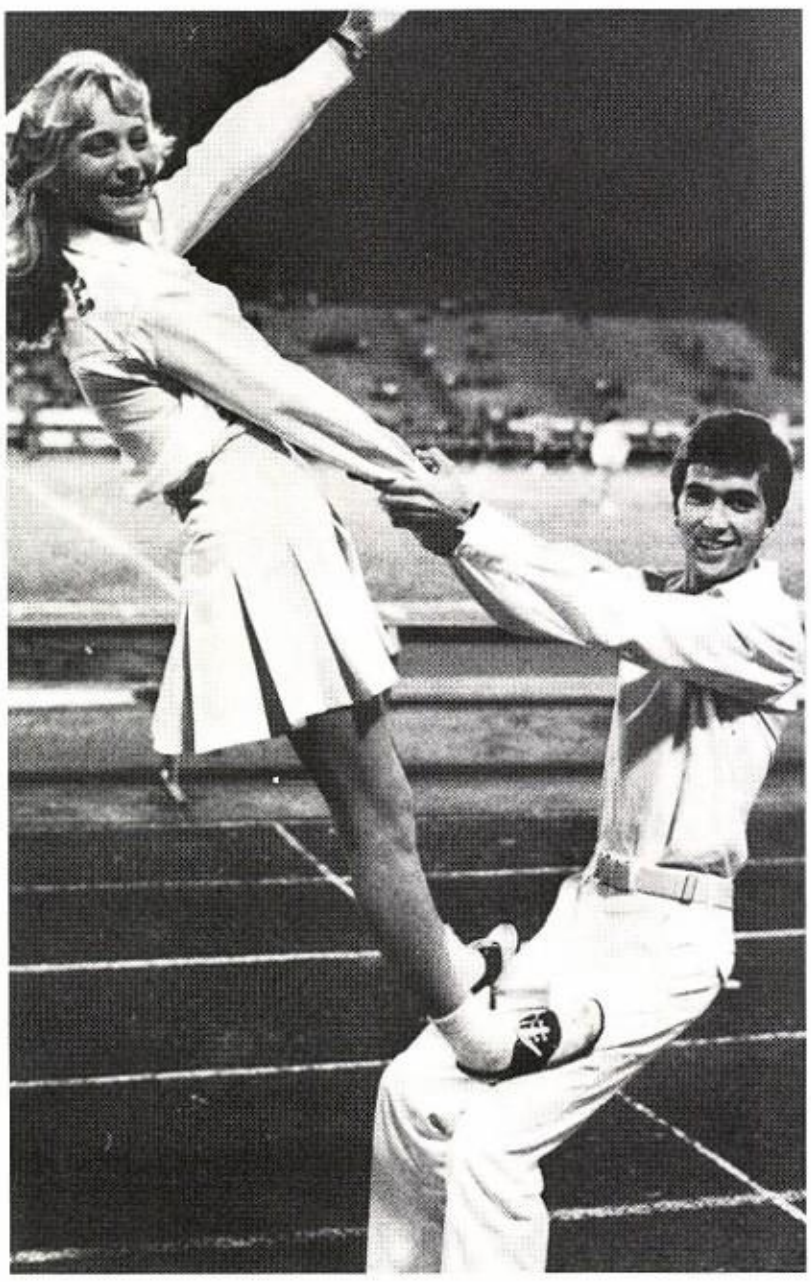
1983-'84 Cheerleaders Go Bananas



The 1983-84 Cheerleaders, Alison Gutrer, Boo Davee, Jill Jones, Karen Mitschke, David Andrus, Derek Jones, Randy McMahon and Mike Raymond, boosted Lee's Spirit to phenomenal heights. They supported the General spirit by holding weekly pep rallies and performing at football, basketball, and volleyball games. The team lost valuable potential points with the injury of star sprinter George Felder.

In the field events Alexander (Hands) Hartley excelled in the high jump, Charles Agbanyo did well in the long jump and the pole vault was dominated by Steve June and Chris Mott.

Under the leadership of Coach Hale, the Lee Golf Team performed outstandingly in District 18-5A play.

Pavlock, Goldman, and Lamba turned in consistently low scores, while Mundshine and Granger proved to be the true clutch players. The team did well in several pre-season tournaments including the prestigious Nimitz Invitational. The team looked formidable going into regionals and hoped to qualify for State in April.

1984 was an active year at Lee. '84 saw the rebirth of a long dormant football team; a new coach begin the reconstruction of an overdue basketball team, and the continuing winning tradition of the cross-country, golf, tennis, and swimming teams. The baseball team also lived up to all expectations. Most important, students at Lee were able to be a part of the charismatic enthusiasm that makes Lee famous.

Varsity Romps

Commanded by Miss Carole Hornsby, the Varsity Volleyball team finished the year with a winning record. Cathy Hundle, Cynthia Orchard, and Paige Turner consistently produced fine performances. Leadership prevailed to guide the Varsity Squad to their 10-6 closing. The Varsity was rolling like a juggernaut until they clashed with the second half of district play. Congratulations are in order for all of these fine players.

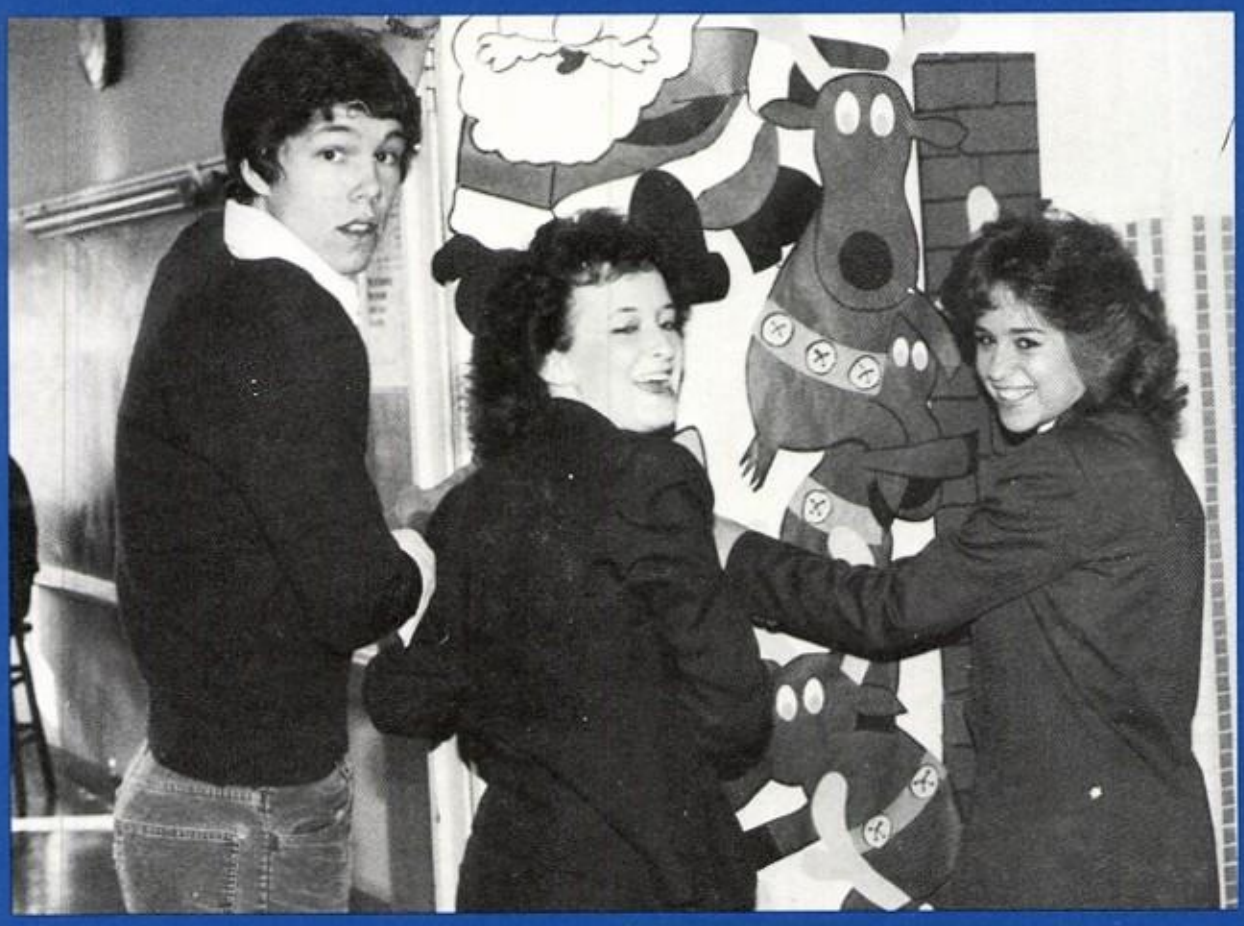
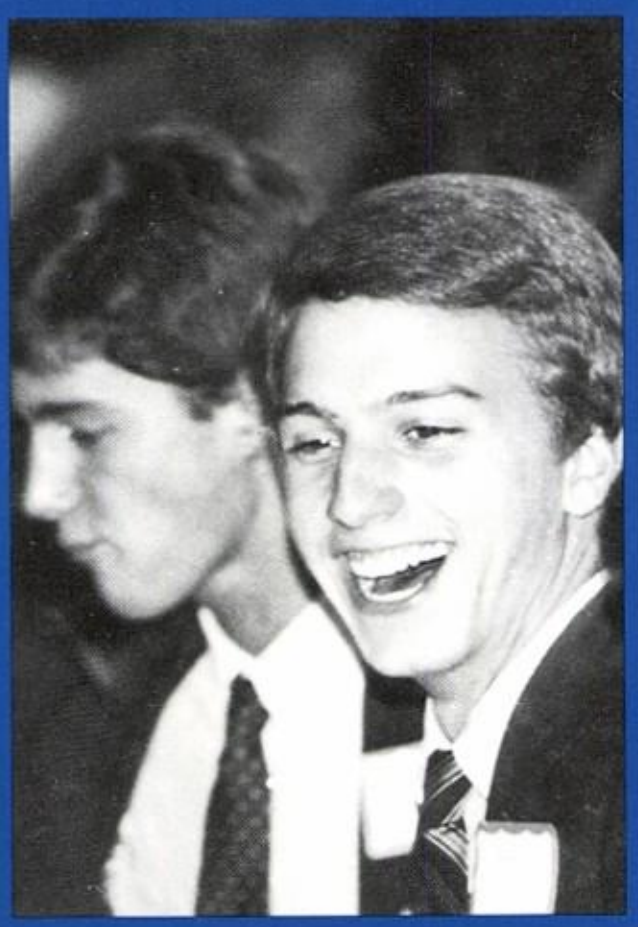
Organizations

Involvement in any of the various organizations at Lee provided the opportunity for one to expand his interests. Members learned valuable lessons in responsibility and leadership. The clubs combined education with fun while broadening friendships.

How do we join forces???





Saber Goes Wild

Scott Janse, Editor, David Andrus, Assistant Editor, and Mark Rome, Business Manager, smile because they are over the last "hump."

"Let's get those pages done," was our editor, Scott Janse's favorite conversation topic. However, around the deadlines, SABER staffers took heed to this very serious warning. With Mrs. Wiz screaming "the name of the game is work," very few staffers ignored their responsibility of putting out the "all-world" yearbook, THE SABER!

To help raise the staff to our present level of perfection, the Seniors took a trip to the Fall Journalism Training Conference in Corpus Christi. We spent most of our time helping other schools put out their mediocre year-pamphlets, yearbooks, or whatever they call them.

Class Editors Michelle Sanger, Julia Weidler, Amy Jimmerson, Jill Jones, and Jana Davis may be smiling now, but the goats know what they're really kneeling in.

Row 1: John Johnson, Mark Janse, Michelle Sanger, Scott Janse, Alan Harp, Julia Wiedler, David Andrus, Amy Jimmerson, Heidi Butler, Shelley Wilson, Jana Davis, Elizabeth Montgomery, Jay Greer, Mark Rome, Heather Mackie. Row 2: Cindy Orchard, Katharine Bryan, Paige Turner, Sherri Dial, Kim Zook, John Glidden, John Shepherd, Erik Torgerson, Graydon Laguarta, Brad McKay, Jill Jones, Brian Keller.

The intense "tanning experience" while in Corpus served more as a reminder of what the purpose behind a yearbook really is — to have fun. Members of the yearbook kept the SABER ahead of all other publications at Lee and in the whole United States for that matter. After all the pages were finally in to the publisher, the Seniors took off on a long weekend and went to the Honky B Ranch.

Then there's Tiny Wisdom whom we love very much. Without her never ending patience and "savage" outlook on getting things done, the SABER would be just another yearbook.

Top: JUNIORS — John Shepherd, Erik Torgerson, John Johnson, Cindy Orchard, Katharine Bryan, Paige Turner, John Glidden, Kim Zook, Sherri Dial, Heather Mackie, Brian Keller, Alan Harp, Jay Greer.

Left: Brad McKay, Ad Editor and Jay Greer, Assistant, can always be seen "kidding" around.

Traveler, Lee's school newspaper, provided Lee with knowledge of inside and outside activities that affected the student body. The Traveler was published bi-weekly and included features, editorials, news, sports, club information, and various other articles. Members of the Traveler Staff must have had a year of journalism and been in the upper third of their class in general scholastic standing. The Traveler is supervised by Mrs. Regina Satlof Block. The Traveler was given first place by the Columbia Scholastic Press Association for their achievements. Traveler's annual Spring Banquet was held in May to announce new staff positions.

Scroll Scribbles

Comprised of Lee's senior journalists on the Saber and Traveler, Quill and Scroll members had an unusually active year. Members participated in weekly "Save the Whale" campaigns. Through continuing involvement in literary circles, Quill and Scroll members grew spiritually as human beings. Trivial Pursuit was made the official game of the club.

Although moved from their natural habitats, the steadfast journalists were undaunted. Making a home for themselves in the library, members were enriched by their closeness with books of all interests. Coming from many walks of life, these fine young men and women will one day surely bring enlightenment to the world of literature.

Lee won several honors in the District meeting — the prosecuting team of Adair and Duggan advanced to State, Sidney Domian was named "Best Legislator," and the team of Domian and Allison were named "Best Presenters."

The Y Law Club also traveled to Austin to participate in mock Legislatures and trials and to present three bills to committees.

Key's Active

The Key Club, under the guidance of Mr. Henri Gadbois, served the community with many service projects through the year. With the help of Anchor Club, the Key Club sponsored Career Day, giving students insight on a direction towards which to direct their studies. College Night allowed students to choose prospective college choices. Key Club continued in their effort to maintain the Alumni garden. Every other Tuesday Key Clubbers entertained the elderly at Treemont Nursing Home.

At Christmas, the Key Club gave gifts to needy children at St. Joseph's School for the underprivileged. The Blood Drive was once more successful. Many Lee students participated. With the money raised by grapefruit sales Key Clubbers attended the convention in Dallas. The high point of the year came when Lee defeated Lamar in a KEY CLUB grudge match. The score was 42-9.

In February, members attended the state convention in Dallas. Greenery was sold at Christmas and spook suckers at Halloween to raise money. Members also worked at orientation and Career Day.

Interact Gets Active

The most prominent goal of Interact was to provide service for the community. Under the leadership of Mr. Charles Gomez, the club took part in various activities to profit the community. Work was done for the Westheimer Rotary Club, as well as for Rogers Special School. Members did construction work and landscaping for Rotary members. At Christmas, food and clothing were collected and given to the Wesley Elementary School. Members also ushered at the dedication of Rogers Special School with George Bush as speaker. The school marquee was changed weekly by appointed members. Six members served as counselors at Camp Olympia during a March session. Interact had several parties throughout the year as a reward for their hard work.

Honor Students Excel

Working hard throughout the year, the National Honor Society tried to achieve respected honors at Lee. The members were selected for their scholastic and extracurricular activities. Mrs. Stephanie Forbes and Mr. Burton Parks cosponsored the club. Offering a tutorial service to students, members helped other students in basic subjects. Members paid dues at the beginning of the year in order to have an induction ceremony for the new members in April.

Latin Knows the Roots

Latin Honor Society acknowledges those students with high achievements in Latin. The club encouraged cultural enthusiasm in the appreciation of colonial civilization. Weekly donut sales helped to pay for tournament expenses. The club attended the State Latin Convention, the National Latin Convention, and took part in the National Latin Exam. They sent food packages to needy families during Christmas. This year Lee was the host school for the Roman games.

This year, they performed in many functions such as the Pop Concert in the fall, and the U.I.L. Solo and Ensemble Contest. They were also chosen to be the featured girls choir at the New Orleans' World's Fair in 1984.

Funds were raised by selling cheeses and sausages. These profits enabled them to go on a spring field trip and buy new musical equipment which would be useful to the club.

Southernaires Sing Aloud

The singing Southernaires continued to carry on the tradition of successful performances for both the school and community, under the eye of Mrs. Eleanor Grant.

Members of Southernaires had a pop concert in the fall, as well as U.I.L. contests. Southernaires put on a musical production at Tyler County Dogwood Festival in Woodville, Texas. During the Christmas season, the choir sang with three Houston area choirs accompanied by the Houston Symphony at Jones Hall for a student matinee.

Linguists Have Big Mouths

The Foreign Language department, headed by Mrs. Inez Frombaugh, was created to increase the student's ability to communicate in a foreign language. Students were offered courses in drawing, painting, and sculpture. The use of photography was also stressed for more advanced students, and it is hoped that Lee will offer courses in photography in the oncoming years.

The Language Arts department, headed by Mr. Rod Nichols, helped students develop their skills in writing and speaking. Journalism, speech, and debate, were among the courses offered. For students wishing to develop their skills in journalism, positions on the yearbook and newspaper staffs were offered.

Coaches Shape It Up

Lee's Physical Education department was designed to develop healthy and active habits. A variety of sports was offered for both boys and girls, including football, baseball, basketball, track, volleyball, swimming, archery and golf.

The R.O.T.C., led by Col. Arthur Butcher and Sgt. Richard Cockroft, was taught to handle responsibilities and the discipline necessary for possible careers in the military.

The Lee Lieutenants, Lee's drill team, was directed by Mrs. Anne Hair. They worked hard to prepare for the half-time shows during football in addition to performing at many other functions.

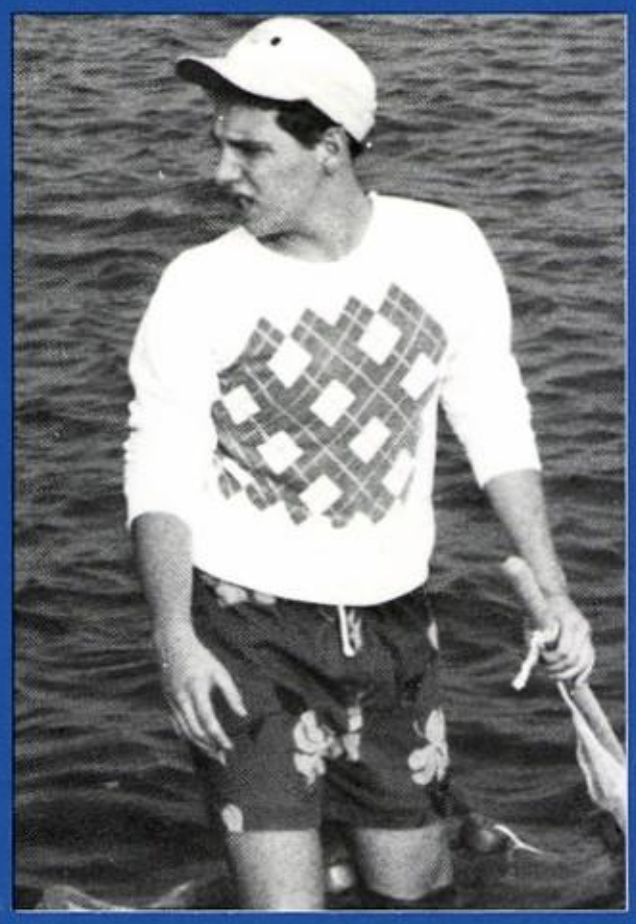
Classes

The classes of Lee provided special distinctions that were to be found in no other place. From the "settling" freshmen to the "exiting" seniors a definite diversity was presented. Special characteristics, attitudes, and outlooks all were a part of this combination which made up the whole of Lee.

Who's moving up???



Class of '87

With a little determination, the class of '87 will begin to see the keys to opening many unknown doors.

The life of a high school student and the pressure that it implies will be impressed upon the young freshman's personality. The year that this concludes is one which will never be erased from your memory. Lee has many facets to be learned and enjoyed. So live it up! It has just begun.

Left: Lindy Turner shows off her new love while others look on in hope that he has some friends.

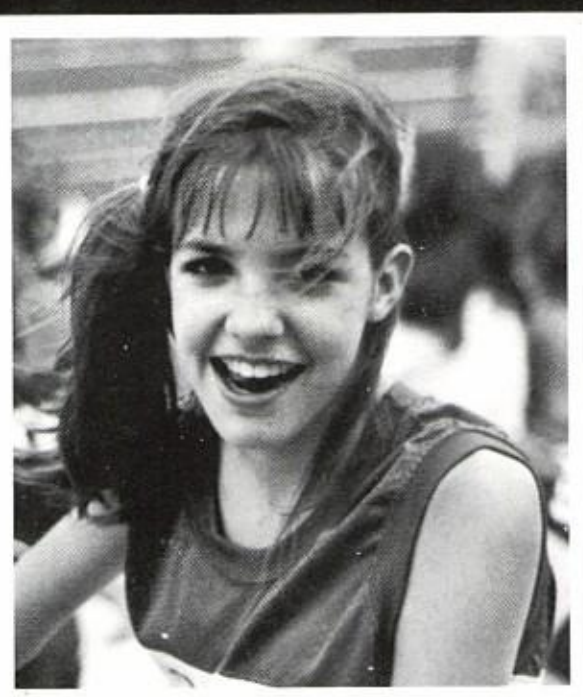
Far Left: Don't move or I'll use my club," states BamBam (Brian Keller) as Pebbles (Heather Mackie) is unaffected by the threat.

Middle: Groovers Jenifer Bridges and Karl Drews jam to their own beat.

In What Direction Are We Moving?

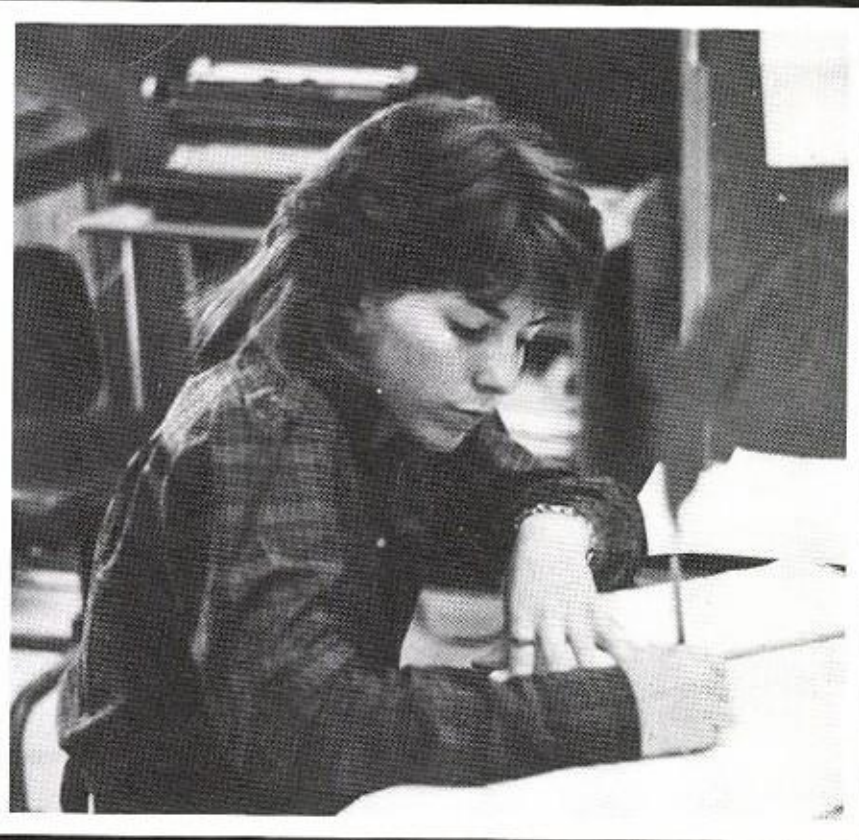
The new year brought about the usual resolutions and promises. HISD finally began the long-awaited construction of Lee's new facilities. The idea of two gyms, a swimming pool, and a new wing of classrooms excited the student body.

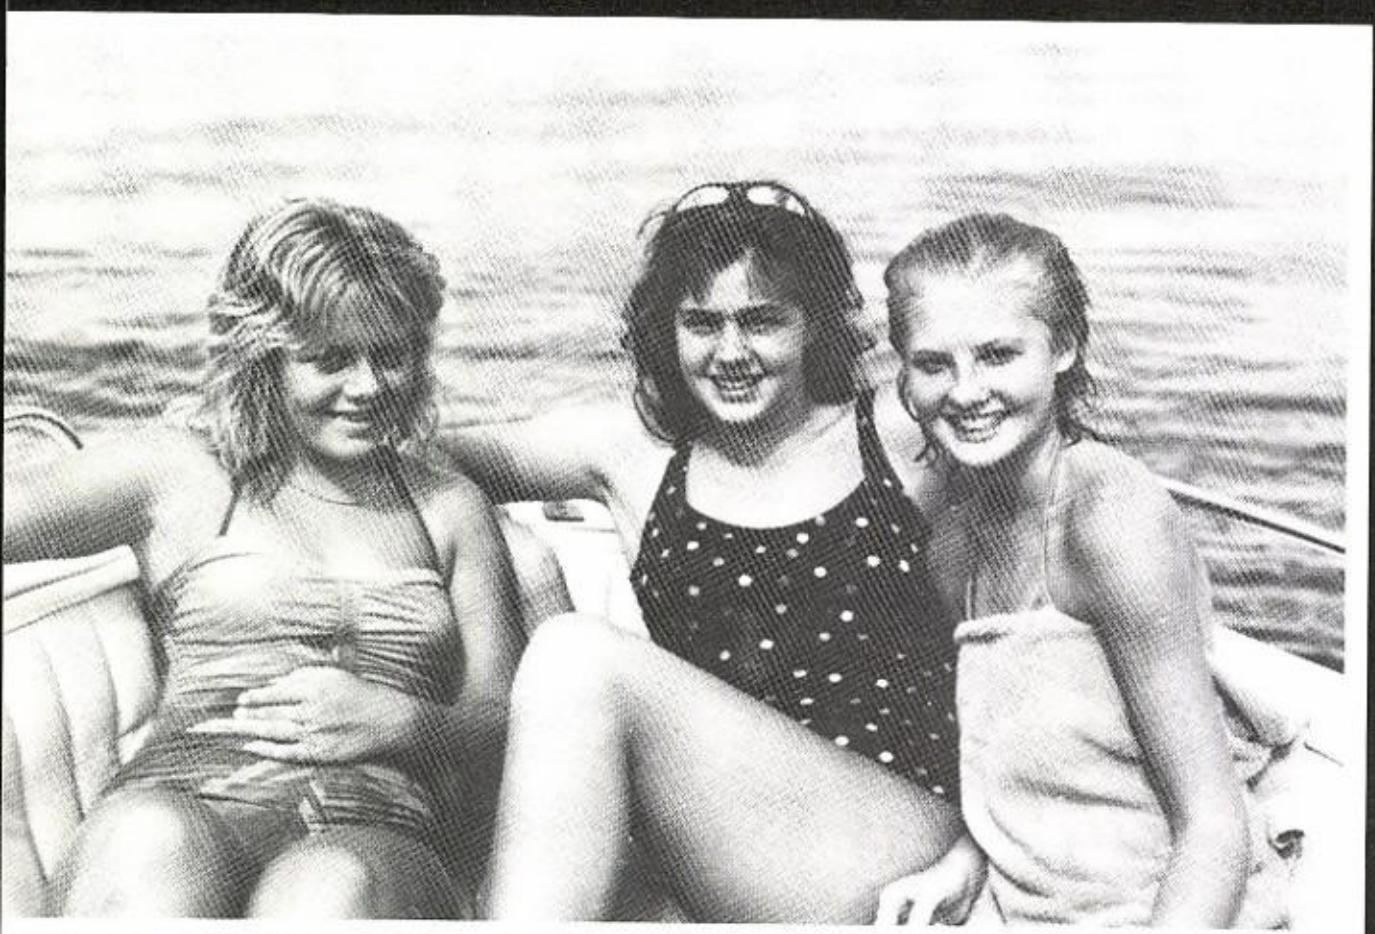
Other changes in the system were received with a less than enthusiastic reaction. It was announced that the debated proficiency tests were to count twenty percent of each student's final average. At first, these examinations were brought under fire by students and teachers alike, but with time they were accepted and became a part of the norm.



The Governor's Committee on Education, headed by Mr. Ross Perot, also was planning drastic changes for the Texas school system. They believed that much more emphasis should be placed upon academics and less upon extracurricular activities. The idea of a lengthened school year, a longer school day with absolutely no pep rallies, athletic competition, or field trips during school hours seemed to be carrying a sound idea to the extreme. All of these many conflicting ideas were handled in a positive manner, and the life at Lee continued forward.

With the approach of summer, Lee's students looked back on the year with an attitude of accomplishment. The ups and downs of high school life at Robert E. Lee would surely live on in the memory of every student.





To the 1984 SABER staff: The 22nd volume of Robert E. Lee's SABER is something you should be extremely proud of. You stayed up many late nights to produce this masterpiece. It may have seemed as if it would never come together, but look at it now. I really believe that this book is an accurate representation of life at Lee in 1984. This is your creation. Congratulations,
